

Creighton News

The P. T. A. reception to the teachers Friday evening was a perfect success from beginning to end. The inclement weather did defer some from attending, as it was sprinkling at just the time most of the people would be starting from home, but in most cases the new dresses were hung back in the ward-robos, and those which had proved themselves by former service were donned instead and the auditorium was filled to its seating capacity. As the teachers, the bride and the reception committee marched up to the platform which had been arranged to resemble a reception room, the school children led by Creighton students of the high school gave three lusty yells. The first was for Mr. Hirschy, under whom they had all graduated, the second for his wife and the third for the teachers. Raymond Kraft was yell leader and did his part exceptionally well. The program consisted of two vocal selections by Mrs. Connor, two piano solos by Mrs. Cate and three children's selections sung by Mrs. Green all of which were perfect, and heartily cheered.

Mrs. Irion had charge of the refreshments and they were abundant and delicious. The chairs had been arranged to face the central aisle, and the platform was beautifully decorated with cut flowers, potted plants and pepper boughs.

Mr. C. M. Etter left on Tuesday evening's train for a visit to his only sister who lives in Kansas and whom he has not seen for fourteen years. From Kansas he will go to Oklahoma to visit a brother and from there to Texas to visit his other brother and then home in time for the November election.

Mr. and Mrs. Sevringhaus returned from Prescott Tuesday morning, where they had been attending the annual conference of the M. E. church. Creighton church is delighted to have her beloved pastor and his most lovable family returned to her for another year's work, and is glad there is no time limit to worry about. And the Sevringhaus seem just as glad to get back as their people are to have them despite the fact that they had such an inspiring and delightful time while in Prescott. Next fall the conference meets in Tucson.

Miss De Rosset was so busy at the hospital that she did not get out to stay with the Sevringhaus children after all but Miss Ruth Maury and Miss Rose Pavista supplied her place.

Monday being circus day there was no school at Creighton and many of the children improved the opportunity to "get a new pair of shoes" and see the parade even if they did not attend the circus, which many did. The baseball boys, however, played a game with the Wilson boys and were gloriously defeated. The Creighton boys have not been playing at all, though since the close of school last spring, and we will expect more of them after they play a while.

We understand that Mrs. Bruce Merrill, who was operated upon for appendicitis and adhesions at St. Joseph's hospital a year ago is again in the hospital in her old home in Iowa. Hers was a very serious case, here, and she never seemed to improve, even after she went back to Gladbrook, where they hoped the change would do her good.

The Watkins family has moved into the Merrill place which they have leased for two years.

Friday evening the business meeting and social of the league are to be held in the auditorium. Last month witnessed the largest attendance for some time and we expect fully as many if not more this month.
